Invitation to (SIEMME' 18) 2011

- We are pleased to announce “**SIEMME'18** to be held from **16th to 18th, Sept. 2011**, in Tianjin, China. This **China-Japan Bilateral Symposium** offers the ideal opportunity to discuss and learn about **Intelligent Electrophotonic Materials and Molecular Electronics**.
- The SIEMME symposium is a serial China-Japan Bilateral Symposium focused on *Intelligent Electrophotonic Materials and Molecular Electronics*. We have successfully held seventeen SIMME for past 17 years in different places in China, such as Beijing, Xi'an, Nanjing, Changchun, Lanzhou, Kunming, Suzhou, etc, respectively. A number of famous scientists from China, Japan and other countries have attended SIEMME. The planning 18th SIEMME 2011 will be hosted by the Technical Institute of Physics and Chemistry, Chinese Academy of Sciences in Tianjin, China.
- **Scopes (but not limited)**
 - 1) Nano-sized Structural and Functional Materials
 - 2) Photocatalysis
 - 3) Electrophotonic Materials for Information Storage and Transmission
 - 4) Photochemical Energy Storage and Conversion
 - 5) Electrochemistry and electroanalysis
 - 6) Photo-functional Materials
 - 8) Photoelectrochemistry
 - 9) Photo-magnetic Materials
 - 10) Others
- SIEMME' 18, 2011, which will be held in Tianjin, China, a third-big city in China's. (<http://theuncarvedblog.wordpress.com/2008/06/03/our-home-to-be/tianjin-skyline>). Tianjin is one of the four municipalities directly under the Central Government of China. Not only is it an international harbor and economic center in the north of China, but it is also well-known for its profound historical and cultural heritage. We are looking forward to seeing you at SIEMME' 18, 2011 in TianJin, China.
